Thanks for the heads up Enrique. It will be interesting to see if they get word of Pelosi's tour whether they will try to crash her party?

**MEDIA ADVISORY**

**HUNTERS POINT MOTHERS DEMAND  
COHEN AND BREED  
STOP COVERING UP SHIPYARD  
CONTAMINATION**

**Disappointed Residents Challenge Malia  
Cohen and London Breed Address Their  
Fears Over Radiated Shipyard**

**FOR IMMEDIATE RELEASE: July 25, 2018**

Law Offices of Bonner & Bonner  
475 Gate Five Road, Suite 212  
Sausalito, California 94965

**Contact:** Charles Bonner, Esq.

**WHAT: Press Conference.** A delegation of Hunters Point women, Plaintiffs in the \$27 Billion Hunters Point Community Lawsuit brought by the Law Offices of Bonner & Bonner against the Tetra Tech company on May 1, 2018, for its fraudulent activities in lying about cleaning up the radiated land at the Hunters Point Shipyard, further exposing the community to poisonous, cancer-causing toxins, will confront and demand meetings with newly-elected San Francisco Mayor London Breed and Board President Malia Cohen, who represents Hunters Point. These residents charge Cohen with complete dereliction of duty, not only for refusing to meet with her constituents, or for doing anything at all to seriously test and clean up the Shipyard but also for leading the way in expanding the Shipyard development plans of the Lennar company at the Board's April 26, 2018, meeting. Mayor Breed, also, has refused to meet these residents, focused more on the offensiveness to tourists of feces on the street than on the lives of the people of Hunters Point.

**WHEN: Thursday, July 26, 2018, 10:00 a.m.**

**WHERE: Steps of City Hall, San Francisco, CA**

**WHO: Former Black Panther Party leader Elaine Brown** is heading the delegation that includes **Danielle Carpenter**, lead Plaintiff in the Lawsuit and widow of Chris Carpenter, who died from cancer several years ago on account of his employment at the Shipyard. As residents have been denied appointments, the Delegation will visit Breed's and Cohen's offices to demand to see them or get appointments. They are demanding that 1) the City pay for real testing of all of the Shipyard soil by certified environmental scientists approved by the community; 2) the City pay for testing of all Hunters Point residents for cancer and other diseases known to be caused by radiation, under procedures and with doctors approved by the community; and 3) that the City halt all development at the Shipyard until all the soil has been certified remediated.
